## ABOUT US

Established in 1998, the Kenya Association of Muslim Medical Professionals (KAMMP) has been a cornerstone of healthcare advocacy and service provision in Kenya. With over 2000 members spanning various cadres, KAMMP boasts a diverse and inclusive membership committed to upholding the highest standards of medical practice and ethical conduct. KAMMP is part of a global network dedicated to promoting health and well-being guided by Islamic principles. Collaborating closely with the Ministry of Health and other stakeholders, KAMMP plays an integral role in shaping healthcare policies and initiatives that benefit communities across Kenya. Rooted in compassion, expertise, and collaboration, KAMMP continues to be a driving force in advancing healthcare excellence and community welfare.

In the first half of 2024, KAMMP has achieved significant milestones. Collaborating with various stakeholders and pharmaceutical companies the outreach committee facilitated medical donations to prisons, and health facilities. Medical camps to provide essential medical care for incarcerated women at the Lang'ata Prison and for orphans from various children's homes were conducted. To alleviate suffering in the community, we have been involved in fund drives for various initiatives including Gaza relief and flood relief in our country. In addition, the Mombasa branch in partnership with AlHaajar TV has been conducting community health education programs through various platforms, significantly expanding our reach and impact.

The education and professional development committee has been conducting regular Continuing Medical Education (CME) sessions. Our newest partnership is with the University of Washington to support the professional development of our members. To promote evidence-based interventions and practices KAMMP Research arm is in the process of establishing a KAMMP Medical Journal. Additionally, the Al Ilm program successfully funded the education of eight health sciences students at the University of Nairobi and Kenyatta University.

We also played an advisory role in shaping national health policies; we participated in the Social Health Insurance benefit package stakeholders meeting and submitted our views on the Narcotic Drugs and Psychotropic Substances Control Act (amendment) bill. Furthermore, we are part of the technical working committee for the establishment of the Kenya Quality of Care Authority.

# 2023 CONFERENCE STATISTICS

**300+** ← Attendees from various cadres and institutions

**30+** ← Exhibitors with prominent visibility

**90%** ← Of attendees rated the conference as excellent or very good

**98%** ← Of exhibitors satisfied with delegates turnout and exhibition area

# 6TH KAMMP SCIENTIFIC CONFERENCE

We're thrilled to unveil This year's  
conference theme as:

**UNITY IN HEALTH: COLLABORATIVE  
APPROACHES TO MEDICAL  
ADVANCES, HEALTH POLICIES, AND  
CAREER PROGRESSION.**

This theme was chosen with consideration of the evolving landscape of healthcare and the need for collective action to address its complexities. In an era where diversity, technological advancements, and policy intricacies shape the healthcare landscape, unity and collaboration are more crucial than ever. Our aim is to foster collaboration across various sectors to uncover existing and new healthcare policies, explore strategies for effective implementation, and innovate transformative practices.

---
